

MOTION BY SUPERVISOR GLORIA MOLINA

June 25, 2013

On June 20, 2013, a three-judge panel ordered California Governor Jerry Brown to release close to 10,000 State inmates before their sentences are served. This early release will have a severe impact on the safety of our communities and will place increased demands on Los Angeles County departments responsible for implementing Assembly Bill 109 (AB 109), the largest public safety realignment in the State's history.

Since the inception of AB 109, the County of Los Angeles has received over 15,000 Post-released Supervised Persons; currently, there are approximately 6,000 inmates housed in our County jails. If this order is implemented, the County would receive the largest percentage of the 10,000 inmates to be released.

**I, THEREFORE, MOVE** that the Board of Supervisors send a five-signature letter to California Governor Jerry Brown, expressing support of his request for an immediate stay of this unprecedented order, and direct County Counsel to review the County's legal options and take steps to support the State's appeal, as appropriate.
